Introduction

■ Brief Intro

To establish a more comprehensive international cybersecurity exchanging platform, there is a whole new program called "Global Live Stream Session" in 2024. During the event, speech videos will be broadcast to overseas audiences through the CYBERSEC official live streaming channel. It not only facilitates the dissemination of cybersecurity knowledge across borders, but also provides an opportunity for your research achievements to reach the international stage. **It is a great chance for you to enhance your global visibility and share insights with cybersecurity professionals worldwide.**

Introduction

- **Session Format** : Pre-recorded live streaming
- **Premiere** : Afternoon sessions on May 14 and 15. Morning and afternoon sessions on May 16.
- **Livestream Platform** :
 1. CYBERSEC Video Platform
 2. Sync Play : Onsite Venue & CYBERSEC Official Website
- **Language** : **English**
- **Session Length** : 30 minutes
- **Eligibility Criteria** : Researchers, Professionals, Advocates, Practitioners of Cybersecurity from all over the world
- **Target Audience** : CYBERSEC 2024 participants 、 cybersecurity professionals who subscribe the latest news of CYBERSEC

Introduction

■ How to Pre-recorded (two options) :

- 1) Record in iThome Studio
- 2) Record by speaker himself/herself

■ Reminders :

- 1) **Please make the presentation in English**
- 2) After Recording, the event will assist with the basic editing and apply the CYBERSEC 2024 template. Speakers will be provided for review once the editing is done.

- **iThome Studio
Equipment**

iThome Studio Equipment

Preparation Schedule

If a submission for the “Global Live Stream Agenda” is accepted, the event will assist in arranging for the speaker to record at iThome studio. If a speaker is unable to record at iThome studio, they may choose “Self-Record” and provide the video to the event.
